ADMINISTRATOR OF GENERAL SERVICES

UNITED STATES OF AMERICA

CERTIFICATION OF AMENDMENT TO CONSTITUTION OF THE UNITED STATES RELATING TO TERMS OF OFFICE OF THE PRESIDENT

To all to whom these presents shall come, greeting:

Know YE, That the Congress of the United States, at the first session, eighty-first Congress begun at the City of Washington on Friday, the third day of January, in the year one thousand nine hundred and forty-seven, passed a Joint Resolution in the words and figures as follows: to wit—

JOINT RESOLUTION

Proposing an amendment to the Constitution of the United States relating to the terms of office of the President.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled (two-thirds of each House concurring therein), That the following article is hereby proposed as an amendment to the Constitution of the United States, which shall be valid to all intents and purposes as part of the Constitution when ratified by the legislatures of three-fourths of the several States:

"Article —

"SECTION 1. No person shall be elected to the office of the President more than twice, and no person who has held the office of President, or acted as President, for more than two years of a term to which some other person was elected President shall be elected to the office of the President more than once. But this Article shall not apply to any person holding the office of President when this Article was proposed by the Congress, and shall not prevent any person who may be holding the office of President, or acting as President, during the term within which this Article becomes opera-

tive from holding the office of President or acting as President during the remainder of such term.

"SEC. 2. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the legislatures of three-fourths of the several States within seven years from the date of its submission to the States by the Congress."

And, further, that it appears from official documents on file in the General Services Administration that the Amendment to the Constitution of the United States proposed as aforesaid has been ratified by the Legislatures of the States of Arkansas, California, Colorado, Connecticut, Delaware, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Louisiana, Maine, Michigan, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Wisconsin and Wyoming.

And, further, that the States whose Legislatures have so ratified the said proposed Amendment, constitute the requisite three-fourths of the whole number of States in the United States.

Now, therefore, be it known that I, Jess Larson, Administrator of General Services, by virtue and in pursuance of Section 160, Title 5, of the United States Code and Reorganization Plan No. 20 of 1950 (15 F. R. 3178), do hereby certify that the Amendment aforesaid has become valid to all intents and purposes as a part of the Constitution of the United States.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the seal of the General Services Administration to be affixed.

DONE at the City of Washington this 1st day of March, in the year of our Lord one thousand nine hundred and fifty-one.

[SEAL]

JESS LARSON.

[Lemon Reg. 372]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.479 *Lemon Regulation 372*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953; 14 F. R. 3612), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for prepara-

tion for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. Shipments of lemons, grown in the State of California or in the State of Arizona, are currently subject to regulation pursuant to said amended marketing agreement and order; the recommendation and supporting information for regulation during the period specified herein was promptly submitted to the Department after an open meeting of the Lemon Administrative Committee on February 28, 1951, such meeting was held, after giving due notice thereof to consider recommendations for regulation, and interested persons were afforded an opportunity to submit their views at this meeting; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period hereinafter specified; and compliance with this section will not require any special preparation on the part of persons subject thereto which cannot be completed by the effective time thereof.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., March 4, 1951, and ending at 12:01 a. m., P. s. t., March 11, 1951, is hereby fixed as follows:

- (i) District 1: 2 carloads;
- (ii) District 2: 298 carloads;
- (iii) District 3: Unlimited movement.

(b) the prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation No. 371 (16 F. R. 1788), and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," "District 2" and "District 3," shall have the same meaning as when used in the said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 1st day of March 1951.

PART 966—ORANGES GROWN IN CALIFORNIA OR IN ARIZONA

LIMITATION OF SHIPMENT

§ 966.507 *Orange Regulation 361*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66 as amended (7 CFR Part 966; 14 F. R. 3614), regulating the

handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said amended order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. DOCUMENTS FOR ENTRY; CREW MANIFESTS

FEBRUARY 23, 1951.

The following amendments to § 116.8, *Documents for entry*, of Chapter I, Title 8 of the Code of Federal Regulations, also designated as § 6.8 of Title 19 and § 71.508 of Title 42, are hereby prescribed:

1. Subparagraph (1) of paragraph (b) is amended so that, with the introductory matter, it will read as follows:

(b) An aircraft commander's general declaration shall contain the following information:

(1) A crew manifest showing, as to each alien employed in any capacity on board the aircraft, surname and initials of given names, duties on board, nationality, serial number and country of issuance of license or passport. The manifest is not required if the aircraft is not arriving from outside the United States or if it is arriving on a trip which originated in Canada or the French islands of St. Pierre or Miquelon or if the information with respect to the crew is furnished in accordance with § 116.10.

2. Subparagraph (2) of paragraph (b) is amended by deleting the word "Newfoundland" and the comma which follows that word, and by substituting the word "or" for the word "and" which appears between the words "St. Pierre" and "Miquelon".

This order shall become effective on the date of its publication in the FEDERAL REGISTER. Compliance with the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) as to notice of proposed rule making and delayed effective date is unnecessary because the rules prescribed by the order, as regards the amendment made to subparagraph (1) of paragraph (b), relieve restrictions and are clearly advantageous to persons affected thereby, and, as regards the amendment made to subparagraph (2) of paragraph (b), make no substantive change.

TITLE 15—COMMERCE AND
FOREIGN TRADEChapter III—Bureau of Foreign and
Domestic Commerce, Department
of Commerce

Subchapter C—Office of International Trade
[5th Gen. Rev. of Export Regs. Amdt. 46]

PART 384—GENERAL ORDERS

ORDER REVOKING CERTAIN GENERAL LICENSES
TO SUBGROUP A DESTINATIONS

Part 384 *General orders* is amended by adding thereto a new section to read as follows:

§ 384.9 *Order revoking certain general licenses to subgroup A destinations.* Effective 12:01 a. m., March 2, 1951, General Licenses GRO, GLR, GMC, GCC, GIT, and GTD, authorizing exportation of any commodity, whether or not included on the Positive List of Commod-

ities (§ 399.1), or technical data, are revoked for exports to Subgroup A destinations.

This order also applies to shipments through United States foreign trade zones to Subgroup A destinations; and the provisions of § 384.6 concerning in-transit shipments of Positive List commodities to Subgroup A destinations shall apply to shipments of non-Positive List commodities to such destinations.

Shipments of any commodities removed from general license to Subgroup A destinations as a result of changes set forth in this order which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., March 2, 1951, may be exported under the previous general license provisions up to and including 12:00 midnight, March 31, 1951. Any such shipment not laden aboard the exporting carrier before 12:00 midnight, March 31, 1951, requires a validated license for export.

(Sec. 3, 63 Stat. 7; 50 U. S. C. App. Supp. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.)

PART 805—SAFEGUARDING MILITARY INFORMATION

GENERAL; INVESTIGATION AND CLEARANCE OF PRIVATE CONTRACTORS' FACILITIES; INVESTIGATION AND CLEARANCE OF PRIVATE CONTRACTOR EMPLOYEES

1. Sections 805.7 (b) (1) and (2), 805.16 and 805.17 are amended as follows:

§ 805.7 Dissemination. * * *

(b) Action on requests. * * *

(1) Congressional requests. (i) All requests by the Congress, its committees or members for classified military information will be referred to the Secretary of the Air Force, Attention: Director of Legislation and Liaison.

(ii) Congressional requests for personnel records, unclassified routine papers, such as Civil Service Form 57, records of promotion, efficiency ratings, and letters of recommendation of present or former employees of the Department of the Air Force, should be in writing. The Director of Legislation and Liaison will as-

semble the data requested, insure the propriety of its release, inform the committee or individual Congressman concerned when the data is available, and arrange a time and place for its perusal. Photostatic copies of selected papers will be furnished in place of the original documents.

(iii) Any request for information relating to the loyalty of any present, former, or prospective employees, including investigative data of any type, will be respectfully declined on the basis of the Directive of the President, March 13, 1948 (13 F. R. 1359; CFR, 1948 Supp.). Information of this nature will not be released without the consent of the Secretary of the Air Force.

(2) Testimony before committees of the Government. (i) Whenever a person under the jurisdiction of the Department of the Air Force appears before a committee of the Congress or executive commission, board, committee, or similar group in either executive or public session, and is called upon to give testimony which includes information classified top secret, secret, or confidential, he will not divulge the information unless he has been authorized by the Secretary of the Air Force to do so. The Secretary of the Air Force, from time to time, may authorize certain officers or other persons to disclose this information without his specific prior approval. Any person, when called upon to testify, will immediately endeavor to obtain necessary authority from the Secretary of the Air Force to divulge information which he anticipates will be desired. If he does not have the authority to give such information, he will respectfully state to the committee that he is not authorized to disclose the information desired and that he will endeavor to obtain the necessary authority. When a person is requested to give testimony including information classified top secret, secret, or confidential, which he has been authorized by the Secretary of the Air Force to give, or information classified as restricted, he will respectfully request that the testimony be given in executive session only and not appear in the record of hearings, the Congressional Record, or other document open to public inspection.

(ii) With regard to the policies and facts which the public interest does not require to be kept classified, Air Force personnel are entirely free to testify concerning their opinions and beliefs when requested to appear or summoned before Congressional committees.

§ 805.16 Admission of visitors—(a) General provisions—(1) Definition. A visitor is any person admitted to Air Force installations or commercial facilities under Air Force supervision or control, except those persons on duty at or employed thereat, those who are directly and officially concerned with the activities at such places, and authorized representatives of the Federal Departments or agencies having internal security investigative responsibilities by statute or by executive directive. For the purpose of §§ 805.1 to 805.22 visitors at commercial facilities (contractors) under Air

Force supervision or control are divided into the following categories:

(i) Employees of Department of Defense contractors.

(ii) Military personnel and civilian employees of the Department of Defense not directly and officially concerned in the performance of the contract.

(iii) Other United States citizens and aliens not included in subdivisions (i) and (ii) of this subparagraph but including only those aliens who are in the United States for permanent residence under immigration visas.

(iv) Foreign nationals, as defined in § 805.2 (c), exclusive of aliens who are in the United States for permanent residence under immigration visas.

(2) *Access to classified matter.* A person will be considered to have access to classified matter when that person is permitted to gain knowledge of the matter, or to be in a place where he may be expected to gain such knowledge. A person does not have access to classified matter merely by being in a place where the matter is kept, provided that the security measures which are in effect prevent him from gaining knowledge of such classified matter.

(3) *Direct communication.* Correspondence and communications relating to visits will be routed between the offices concerned, subject to procedures prescribed below.

(4) *Limitation on documents.* Authorization to visit does not constitute authority for release of documents to visitors.

(5) *Requests for admission.* All requests from persons acting as private individuals will be referred to the commanding officer of the installation or to the facility to be visited for approval or disapproval. All requests for permission to visit Air Force installations or commercial facilities requiring written approval as indicated in §§ 805.1 to 805.22 will be in writing, will be made sufficiently in advance of the visit to permit appropriate action and clearance when required, will be forwarded to the office or headquarters having the authority to approve the visit, and will include the following information, as applicable:

(i) Name in full, grade, title, position.

(ii) Nationality of visitor (aliens will furnish alien registration number), date and place of birth.

(iii) Current residence or military assignment.

(iv) Employer or sponsor.

(v) Name and location of facility to be visited.

(vi) Date, time, and duration of visit.

(vii) Purpose of visit, in detail.

(viii) Security clearance status of visitor and name of clearing agency (if any previously granted).

(6) *Concurrences and notices.* The authority which approves a request to visit a commercial facility or another Air Force installation, whenever practicable, will refer the request to the commercial facility or to the commanding officer of the installation to be visited for concurrence or recommendation prior to finally approving the visit. In all cases, the authority which approves such a visit will promptly notify the facility or commander concerned and will specify any

limitations or restrictions to be placed upon the visitor.

(7) *Written authority for admission.* Written authority for admission of visitors to Air Force installations and commercial facilities for access to classified information is mandatory.

(b) *To Department of the Air Force installations—*(1) *United States citizens.* United States citizens, except those employed by or representing a foreign government, individual, firm, or corporation, may be permitted to visit Department of the Air Force installations under the following conditions:

(i) Casual visitors, accredited reporters, photographers, and other representatives of publicity agencies may be admitted on the authority of the commanding officer concerned: *Provided*, That classified matter is not shown or discussed with them.

(ii) Representatives of other United States Government agencies, manufacturers and their representatives, engineers, inventors, and other persons officially cooperating in Department of the Air Force work and having a legitimate Government interest therein, may be shown such classified work or projects as are considered necessary and desirable on authority of the commanding general, major air command having control or jurisdiction over the work or project involved: *Provided*, That they have been cleared for access to the classified information. (See § 805.7.)

(2) *Alien employees of contractors.* Aliens employed by contractors of the Department of Air Force, the Army, or the Navy may visit Air Force installations under the same conditions prescribed in subparagraph (1) of this paragraph for United States citizens: *Provided*, That:

(i) Authorization of the responsible commander, major air command, for visits involving access to classified matter or information is limited to employees who have been granted Secretary consent for employment on classified work. (These visitors will not be permitted access to information classified higher than that indicated in the letter granting consent for employment on classified work.)

(ii) Approval of the Departments of the Army and/or Navy will be obtained in all cases involving the disclosure of classified matter of joint interest.

(3) *Foreign nationals.* (See § 805.2 (c).) Foreign nationals (other than alien employees referred to in subparagraph (2) of this paragraph) may be admitted to Air Force installations for social purposes, for activities open to the general public, for authorized medical treatment, and in connection with emergency landings, by authority of the commanding officer: *Provided*, That no classified matter is shown or discussed. (See § 805.7 (c) regarding requests for the disclosure of classified information to foreign nationals or for access by them to military activities not open to the general public.)

(c) *To Air Force contractor facilities—*(1) *General.* (i) Visitors of all categories referred to in paragraph (a) of this section may visit Air Force facilities on the authority of the contractor concerned: *Provided*, That classified matter is not shown or discussed with them,

(ii) Approval by the Department of the Air Force of any request to visit a facility is subject to the convenience and the discretion of the facility to be visited.

(2) *Visits involving access to classified matter—*(i) *Foreign nationals.* Foreign nationals referred to in paragraph (a) (1) (iv) of this section may be permitted access to classified information only upon approval of the Chief of Staff, United States Air Force. (See § 805.7 (c).)

(ii) *Employees of contractors.* A contractor of the Departments of the Air Force, the Army, or the Navy or a representative of such contractor may be admitted as a visitor to a Department of the Air Force facility for access to classified information on the authority of the commanding general, major air command, or higher authority having control or jurisdiction over the facility to be visited: *Provided*, That the visit is necessary for the performance of the contract at the facility of the visitor or the facility to be visited: *And provided*, That the visitor satisfies all established security clearance requirements and limitations. Requests received direct from contractors of the Army or the Navy will be referred to the appropriate authority of the Department of the Army or the Navy responsible for exercising control over such contractor for approval by the Department concerned. Alien employees will not be permitted access to information classified higher than that indicated in the letter granting consent for employment on classified work. If requests are disapproved by Air Force authority, notification will be made promptly to the authority of the Army or the Navy exercising control over the contractor making the request.

(iii) *Department of Defense personnel.* Military personnel and civilian employees of the Department of Defense who are defined as visitors in paragraph (a) (1) of this section may be admitted to Air Force facilities for access to classified matter on authority of the commanding general, major air command having jurisdiction or control over the information involved, or higher authority: *Provided*, That the official military or other Government duties of the visitors require that they have access to such information.

(iv) *Other United States citizens and other aliens.* Only those representatives of other United States Government agencies, manufacturers and their representatives, engineers, inventors, and other persons who are cooperating in Department of the Air Force work and have a legitimate Government interest therein, may be admitted to Air Force facilities for access to classified works, projects or information, whenever necessary for official purposes: *Provided*, That they have been cleared for access to the classified matter involved. Admission will be on authority of the commanding general, major air command having jurisdiction or control over the classified information, or the Chief of Staff, United States Air Force.

§ 805.17 *Visits to facilities of the Army or Navy—*(a) *Approval for visits.* Prior approval of the Department of the Army or the Navy will be obtained for personnel of the Department of the Air Force

or personnel of commercial facilities of the Air Force to visit Army or Navy facilities for access to classified information. The commanding general, major air command, or higher authority exercising control over an Air Force activity or commercial facility which desires that a representative visit any facility for access to classified information under the control of the Army or the Navy is responsible for approving or disapproving requests for such visits so far as the Air Force is concerned, or for designating an appropriate representative to approve or disapprove such requests. Whenever the visit is determined to be necessary, and the visitor satisfies security requirements, as applicable, the commanding general, major air command, or higher authority concerned (or duly designated representative) may approve the request and forward it direct to the appropriate authority of the other Department which exercises control over security of the classified matter involved. If the request is not approved, the requester will be notified promptly and informed of the reasons therefor.

(b) *Visit requests.* All requests referred to in paragraph (a) of this section will be made in writing sufficiently in advance of the visit to permit appropriate action by approving authorities and clearance of the visitor when required. Such requests will include the information prescribed in § 805.16 (a) (5) for requests to visit Air Force installations or facilities.

2. Sections 805.31, 805.32, and 805.36 (a) are amended, and paragraph (c) is added to § 805.33 as follows:

§ 805.31 *Objective.* To assure the protection of classified matter, procurement activities of the Department of the Air Force will insure that a prospective bidder or contractor has been granted a facility security clearance by one of the military Departments prior to disclosing classified information to such prospective bidder or contractor in connection with precontract negotiations for the award of or performance on a classified contract when required by the provisions of §§ 805.31 to 805.38.

§ 805.32 *Facility clearances.* (a) Facility security clearances are required whenever access to matter classified higher than restricted is involved, and whenever any officer, director, or owner of a facility is an alien and access to restricted matter is involved. In addition, alien employees of a facility will not be permitted access to restricted matter until after they have been investigated and cleared in accordance with the provisions of §§ 805.31 to 805.38. The provisions of this section do not affect the requirement for a security agreement whenever any classified matter is involved, nor the requirement for an appropriate plant survey in accordance with § 805.36.

(b) Facility security clearances, when required by paragraph (a) of this section will be granted by major air commands concerned to prospective bidders or contractors: *Provided, That:*

(1) The officers, directors, owners, and key employees who will require access to such classified matter in connection with precontract negotiations or preparation of bids are United States citizens, or aliens who have been lawfully admitted to the United States for permanent residence under an immigration visa and have been issued a letter of consent, and

(2) A check of the central records of the Federal Bureau of Investigation and the records of such other agencies as may be pertinent reveals no adverse information concerning:

- (i) The facility.
- (ii) Officers.
- (iii) Directors.
- (iv) Owners and key employees who have access to classified matter.

(3) A check of the fingerprint files of the Federal Bureau of Investigation reveals no adverse information concerning persons referred to in subdivisions (ii), (iii), and (iv) of subparagraph (2) of this paragraph.

(4) If the records reveal adverse information, sufficient investigation thereof will be conducted to support a decision to grant or deny a security clearance.

(c) Subject to the conditions prescribed in paragraph (a) of this section regarding aliens, security agreements, and surveys, major air commands concerned may grant interim facility security clearances for access to confidential matter, subject to revocation in the event derogatory information is subsequently developed, pending completion of the required investigation and clearance.

(d) In those cases where a facility security clearance is not required under the provisions of §§ 805.31 to 805.38 and access to matter classified higher than restricted is involved subsequent to the award of a contract, action will be taken to grant a clearance as prescribed in §§ 805.31 to 805.38 prior to disclosure of such information.

§ 805.33 *Forms.* * * *

(c) A National Defense Program fingerprint card will be prepared in accordance with the provisions of current directives, except that the name of the individual's employer will be substituted for "United States Air Force".

§ 805.36 *Plant survey.* (a) In addition to requirements concerning facility security clearances, the award of a contract involving classified matter will be subject to an appropriate survey of the plant, shop, laboratory, or place at which work under the contract will be performed to determine whether adequate facilities are available for the protection of classified matter that will be released to or developed by the contractor, so far as can be anticipated at the time of the survey. Commanders concerned will conduct such surveys by completing, on the premises, Plant Survey Report, Department of Defense Form 374.

3. Sections 805.53 (b) and 805.55 (b) are amended, and paragraph (c) is added to § 805.54 as follows:

§ 805.53 *Required investigations.* Department of the Air Force contractor

employees in the following categories will be investigated as indicated:

(b) For United States citizens whose duties or employment in connection with the performance of a contract will involve access to matter classified secret, a National Agency Check will be conducted. If the records reveal adverse information, sufficient investigation thereof will be conducted to support a decision to grant or deny a security clearance.

§ 805.54 *Forms.* * * *

(c) A National Defense Program fingerprint card will be prepared in accordance with the provisions of current directives, except that the name of the individual's employer will be substituted for "United States Air Force".

§ 805.55 *Scope of investigation.* * * *

(b) For the purpose of §§ 805.51 to 805.60, a National Agency Check is a check of the central records of the Federal Bureau of Investigation; FBI fingerprint files; the records of the Assistant Chief of Staff, G-2, General Staff, United States Army, Office of Naval Intelligence, Office of Special Investigations, United States Air Force, in those cases which indicate previous service or employment in the applicable military Department; and the records of such other agencies as may be pertinent to the purpose of the inquiry.

Subchapter C—Claims and Accounts

PART 836—CLAIMS AGAINST THE UNITED STATES

Sections 836.116 to 836.120 are added to Part 836 as follows:

CIVIL AIR PATROL CLAIMS

Sec.
836.116 Purpose.
836.117 Scope.
836.118 Authority.
836.119 Claims excluded.
836.120 Investigation, processing, and final disposition.

AUTHORITY: §§ 836.116 to 836.120 issued under R. S. 161, sec. 202, 61 Stat. 500, as amended; 5 U. S. C. 22 and Sup., 171a. Interpret or apply sec. 1, 57 Stat. 372, as amended; 31 U. S. C. 223b, 5 U. S. C. Sup., 626m, 28 U. S. C. Sup., 2671-2680.

DERIVATION: AFR 112-8.

§ 836.116 *Purpose.* Sections 836.116 to 836.120 outline the procedure for administrative settlement of claims for damage to or loss or destruction of property, real or personal, or for personal injury or death caused by personnel of the Civil Air Patrol when the services of the Civil Air Patrol have been accepted or authorized by the Secretary of the Air Force.

§ 836.117 *Scope.* Claims by third parties, except those excluded in § 836.119, arising from Civil Air Patrol activities during the period when its services have been accepted by the Secretary of the Air Force are cognizable under appropriate claims statutes to the same extent as claims arising out of the Air Force activi-

ties. Accidents and incidents involving Civil Air Patrol activities during the period when the services of the Civil Air Patrol have been accepted by the Secretary of the Air Force will be investigated and processed with the same particularity as those arising out of activities of the Air Force.

§ 836.118 *Authority.* In the fulfillment of the noncombatant mission of the Air Force establishment, the Secretary of the Air Force is authorized by law to accept and utilize the services of the Civil Air Patrol (Sec. 2, 62 Stat. 275; 10 U. S. C., Sup., 626L). Under the provisions of current directives, and for the purpose of §§ 836.116 to 836.120, search and rescue activities and such other operations authorized by the Department of the Air Force and ordered by the National Headquarters of the Civil Air Patrol will be considered as an acceptance by the Secretary of the services of the Civil Air Patrol.

§ 836.119 *Claims excluded.* The following classes of claims are excluded:

(a) Claims for reimbursement of Civil Air Patrol operators for depreciation of privately owned equipment.

C., Sup., 301 for duty performed by members of the United States Air Force Reserve not on active duty. This inactive duty training pay includes training through participation in unit training assemblies, training periods or the performance of equivalent duties in lieu of attendance at a unit training assembly.

(f) *Equivalent duty.* Those periods of duty performed by members of the United States Air Force Reserve in lieu of attendance at a unit training assembly as authorized in § 861.1108.

(g) *Assigned strength.* The total of all personnel, officer and airmen on the rolls of a unit.

(h) *Adjusted strength.* The strength of a unit (officers and airmen) after the number of personnel who are absent under competent authority have been deducted from the actual assigned strength.

§ 861.1103 *Eligibility.* (a) Airmen of the United States Air Force Reserve will be eligible for inactive duty training pay when pursuant to competent orders authorizing inactive duty training pay:

(1) They are physically present and perform duties during a duly authorized unit training assembly of the unit to which assigned, or:

(2) They perform equivalent duties pursuant to competent orders, within 30 days immediately following the date of the authorized unit training assembly of the unit to which assigned and for which equivalent duty has been authorized in lieu of attendance thereat.

(b) Officers of the United States Air Force Reserve assigned to Table of Organization and Equipment or Table of Distribution units will be eligible for inactive duty training pay when pursuant to competent orders authorizing inactive duty training pay:

(1) They are physically present and perform duties during a duly authorized unit training assembly of the unit to which assigned and at which at least 60 percent of the adjusted strength of the unit was present, or:

(2) They perform equivalent duties pursuant to competent orders, within 30 days immediately following the date of the authorized unit training assembly of the unit which assigned and for which equivalent duty has been authorized in lieu of attendance provided at least 60 percent of the adjusted strength of the unit was physically present for the unit training assembly for which equivalent duty has been authorized in lieu of attendance thereat.

(c) Officers of the United States Air Force Reserve having a mobilization assignment are eligible for inactive duty training pay when pursuant to competent orders authorizing inactive duty training pay they are physically present and perform duties at a duly authorized training period.

§ 861.1104 *Mobilization assignees.* (a) Personnel quotas for inactive duty training pay will be issued to the major air

commands by Headquarters United States Air Force.

(b) Not more than 48 training periods in each fiscal year will be authorized personnel with mobilization assignments.

(c) Pay for officers trained by means of a training attachment will be accomplished by the command to which such officer is assigned for mobilization duty.

(d) Full use of the two calendar days comprising a week end is encouraged for the purpose of greater continuity of training.

§ 861.1105 Reserve Training Center and Corollary Units. (a) All personnel in Air Force Reserve Training Center and Corollary Units are eligible to receive inactive duty training pay.

(b) Such personnel will be authorized not more than 48 unit training assemblies for pay purposes in each fiscal year.

[Ceiling Price Regulation 1, Amdt. 1]

CPR 1—NEW PASSENGER AUTOMOBILES

INCREASE IN CEILING PRICES

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to Ceiling Price Regulation 1 (15 F. R. 9061) is hereby issued.

STATEMENT OF CONSIDERATIONS

Ceiling Price Regulation 1 issued December 18, 1950 established ceiling prices for new passenger automobiles at the level of December 1, 1950. The purpose of that freeze was to allow time for an analysis of the increase in wage cost and in prices of raw materials which the automobile manufacturers stated had been incurred. That analysis was expected to determine whether price increases were necessary in the light of the over-all position of the industry. About the middle of January 1951, a hearing on this matter was conducted by Mr. John M. Hancock acting as special consultant to the Director of Price Stabilization. The automobile manufacturers were afforded an opportunity to submit data in support of their contentions.

The Director of Price Stabilization has given consideration to the proposals contained in Mr. Hancock's report to him not only as they apply to price control of new passenger automobiles but also as to their general adaptability in whole or in part over large areas of the manufacturing economy. Studies dealing with these twin aspects are presently being made.

By its present terms Ceiling Price Regulation 1 remains in effect only through March 1, 1951, but contains an express provision permitting an extension beyond that date. The Director of Price Stabilization has determined that this regulation should be extended for another 60 days pending the formulation of new price controls applying to manufacturers in most fields. He has further determined that in connection with this extension the automobile manufacturers should be allowed a price adjustment at this time. For that purpose, he is permitting the ceiling prices established by Ceiling Price Regulation 1 to be increased by 3½%. Upon the basis of data submitted by the manufacturers, this increase translated into dollars represents for each member of the industry less than the actual dollar increase between June 30 and December 31, 1950, in direct labor and materials costs. In some instances, it is substantially less. It should be emphasized that only direct labor and materials costs have been considered.

This action is intended only as an interim measure. The Director of Price Stabilization believes that it takes into account certain hardships growing out of the imposition of a freeze upon the prices of new passenger automobiles earlier than upon prices in general. He is moving as rapidly as possible to provide a comprehensive pricing formula and to establish standards of general applicability.

AMENDATORY PROVISIONS

Ceiling Price Regulation 1 is amended in the following respects:

1. Section 4 (a) is amended to read as follows:

(a) The ceiling price for the sale or delivery of a new automobile by a manufacturer shall be 103.5% of the net price (f. o. b. factory) charged by the manufacturer to the same class of purchaser on December 1, 1950, for the same make and model, or, if the manufacturer has brought out a new line since December 1, 1950, or brings out a new line hereafter, 103.5% of the net price (f. o. b. factory) charged by the manufacturer to the same class of purchaser on that date for the counterpart model in the previous line. Whenever the manufacturer had a suggested retail price (f. o. b. factory) on December 1, 1950, his net price (f. o. b. factory) shall be determined by reducing such suggested retail price in effect on that date for the same or counterpart model of the same make by the discounts in effect on that date for the same class of purchaser to whom the sale or delivery is to be made.

2. Section 4 (b) (1) is amended to read as follows:

(b) (1) The ceiling price established by paragraph (a) of this section shall include all equipment that was standard for each such make and model on December 1, 1950, or if the ceiling price is established on the basis of a counterpart model in the previous line, the equipment that was standard for such counterpart model on December 1, 1950. In the event that a new automobile is sold without such standard equipment, the ceiling price shall be reduced by 103.5% of the amount of the manufacturer's standard charge to the same class of purchaser for such equipment on December 1, 1950.

3. A new paragraph reading as follows is added to Section 4:

(e) Any ceiling price for a new passenger automobile (but not for new equipment) which was established prior to March 1, 1951 under paragraph (d) may be increased by 3.5%. The resulting figure is the new ceiling price and shall remain in effect as the ceiling price thereafter.

4. Section 7 (b) is amended to read as follows:

(b) *Invoicing.* Each manufacturer of new automobiles shall furnish to each person to whom he sells a new automobile an invoice stating, separately from any other charge, the ceiling price in effect on February 28, 1951 and any subsequent increase in the net price charged which is permitted under this regulation.

5. The second paragraph of Section 8 is amended to read as follows:

This regulation shall become effective immediately for a period ending May 1, 1951: *Provided, however,* That it may be modified, amended or extended prior to the expiration of such period.

This amendment shall become effective March 2, 1951.

[Ceiling Price Regulation 4, Supplementary Regulation 1]

CPR 4—ANTHRACITE DELIVERED FROM
MINE OR PREPARATION PLANT

SR 1—ANTHRACITE BRIQUETTS PRODUCED AT
OR MADE AT PLANTS IN PENNSYLVANIA
ANTHRACITE FIELD

Pursuant to the Defense Production Act of 1950 (Public Law 774, 81st Cong.), Executive Order 10161 (15 F. R. 6105) and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Supplementary Regulation No. 1 to Ceiling Price Regulation No. 4 (16 F. R. 1011) is hereby issued.

STATEMENT OF CONSIDERATIONS

Anthracite briquet manufacturing plants are located in the Anthracite Region of Pennsylvania. For the most part these plants are adjuncts of anthracite preparation plants.

The product, a domestic fuel, consists of 80 percent anthracite, 7 to 8 percent asphalt as a binder, and 12-13 percent bituminous coal.

Total production of anthracite briquettes in 1950 was 359,000 net tons. The product is made in one size and sold at one price.

Cost increases over January 1, 1951, have resulted from the new wage agreement with U. M. W. A. negotiated January 26, 1951. Material costs, principally anthracite and bituminous coal, have advanced pursuant to the authority of Ceiling Price Regulations Nos. 3 and 4 made effective on February 1, 1951. Asphalt, the third principal ingredient, has advanced sharply in price since 1950.

The labor increase amounts to \$0.1731 per net ton, Social Security & old age benefits \$0.0095, materials \$0.4095, or a total cost increase of \$0.5921 per ton, which practically eliminates the \$0.64 net income per ton before taxes realized on the entire 1950 business.

This supplementary regulation is intended to offset the actual cost increase cited above.

FINDINGS OF DIRECTOR OF PRICE
STABILIZATION

In the judgment of the Director of Price Stabilization the provisions of Supplementary Regulation No. 1 to Ceiling Price Regulation No. 4 are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of

the objectives of the Defense Production Act of 1950; to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive; and to relevant factors of general applicability.

In formulating this supplementary regulation the Director has consulted with representatives of the industry to the extent practicable under the circumstances, and has given consideration to their recommendations.

REGULATORY PROVISIONS

Sec.

1. Applicability of supplementary regulation.
2. Definitions.
3. Authority to increase ceiling prices.
4. Miscellaneous.

AUTHORITY: Secs. 1 to 4 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret, or apply Title IV, Pub. Law 774, 81st Cong., E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. *Applicability of supplementary regulation.* This supplementary regulation grants authority to a person engaged in the business of manufacturing briquettes, made principally from anthracite coal, located in the Pennsylvania anthracite field to increase the ceiling price on briquettes sold by them, or their agents, f. o. b. the plant.

SEC. 2. *Definitions.* When used in this supplementary regulation, the term:

(a) "Producer" means a person engaged in the business of manufacturing briquettes, principally from anthracite coal, and any person acting as an agent of a producer.

(b) "Distributor" means a person who purchases briquettes at or for delivery from a briquet plant, for resale, and resells the same in not less than cargo or railroad carload lots, or the equivalent thereof, without physically handling such briquettes, and any person acting as an agent of such distributor in the sale of briquettes.

(c) "Briquettes" means briquettes made principally from anthracite coal, which are manufactured at plants located in the Pennsylvania anthracite field.

(d) "Ground Storage Facility" means a storage facility not operated as an adjunct of a briquet plant, which is customarily used by a producer or distributor for storage of briquettes in transit from a briquet plant to a purchaser.

SEC. 3. *Prohibition against selling or delivering anthracite briquettes at prices above the ceiling.* On and after the 3d day of March 1951, regardless of any contract, agreement, lease, or other obligation:

(a) No person who is a producer or distributor shall sell, dispose, deliver, or ship anthracite briquettes from a briquet plant at prices higher, f. o. b. the plant, than the ceiling price set forth in Appendix A, attached hereto and by this reference made a part hereof.

(b) No person shall, in the course of trade or business, buy or receive anthracite briquettes so delivered or shipped at a price higher than the ceiling price set forth in Appendix A, attached hereto and by this reference made a part hereof.

(c) No person shall agree, offer, solicit, or attempt to do anything prohibited under this supplementary regulation.

SEC. 4. *Miscellaneous.* (a) The producers subject to this supplementary regulation shall be subject to all other provisions of Ceiling Price Regulation No. 4 which are not inconsistent with the provisions hereof.

(b) Each producer, sales agent or distributor shall furnish to each retail coal dealer to whom he sells briquettes a statement showing the exact dollar-and-cents amount the producer has added to the price of his briquettes as authorized under this supplementary regulation.

(c) Upon the effective date of this Supplementary Regulation No. 1 to Ceiling Price Regulation No. 4 the producers subject to this supplementary regulation shall no longer be subject to the provisions of the General Ceiling Price Regulation issued by the Director on January 26, 1951 (16 F. R. 809), except as to activities not covered by this supplementary regulation. Such exemption, however, shall not relieve the producers hereunder from any obligation or liability incurred under the General Ceiling Price Regulation prior to the effective date of this supplementary regulation.

Effective date. This Supplementary Regulation No. 1 to Ceiling Price Regulation No. 4 shall become effective on the 3d day of March 1951.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

MARCH 2, 1951.

APPENDIX A

The following ceiling price subject to the exceptions set forth in this supplementary regulation are established for anthracite briquettes, f. o. b. manufacturing plants.

	<i>Ceiling price Per net ton</i>
Anthracite briquettes.....	\$10.95

NOTE: Persons subject to the regulation shall continue to observe their customary and standard cash discount practices.

Chapter IV—Wage Stabilization Board, Economic Stabilization Agency

[General Wage Regulation 8]

GR 8—COST-OF-LIVING ESCALATOR CLAUSES

Pursuant to the Defense Production Act of 1950 (Public Law 774, 81st Congress) and Executive Order 10161 (15 F. R. 6105) this General Regulation No. 8 is hereby issued.

STATEMENT OF CONSIDERATIONS

This General Regulation is issued by the Economic Stabilization Administrator in discharge of his responsibility under the provisions of the Defense Production Act of 1950, and Executive Order 10161. It is designed to stabilize wages, salaries, and other compensation and to effectuate the purposes and intent of said Statute and Order. Due consideration has been given to the standards established by section 402 of the Act. In the formulation of the provisions

hereof there has been consultation with industry and labor representatives, including Trade Association and Labor Union representatives, and consideration has been given to their recommendations.

Some collective bargaining contracts in existence on January 25—the effective date of the first price and wage control regulations—contain provisions for subsequent changes in wages. The changes in wages depend on the changes—up or down—in the cost of living. Wage adjustments called for within the next few months by these escalator clauses will be upward because the cost of living has been rising since Korea.

For the most part, the increases permitted by the escalator clauses will be covered by the ten per cent allowable rise in General Regulation No. 6. However, such clauses in a few of the existing contracts will provide in the near future for increases somewhat exceeding the allowable figure. General Regulation No. 6 makes no provision for such cases. This regulation within certain limitations will permit the operation of such cost of living escalator clauses until June 30, 1951.

REGULATORY PROVISIONS

Sec.

1. Cost-of-living escalator clauses defined.
2. Certain cost-of-living increases required by escalator clauses permissible without prior approval.
3. Reports of increases made under this Regulation required.
4. Time limitation on increases.

AUTHORITY: Sections 1 to 4 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong.; E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.

SECTION 1. Cost-of-living escalator clauses defined. As used in this Regulation, the term "cost-of-living escalator clause" shall mean a provision in a collective bargaining agreement which establishes a defined relationship between the rates of wages, salaries and other compensation covered by the agreement and the cost-of-living index figure published by the Bureau of Labor Statistics.

SEC. 2. Certain cost-of-living increases required by escalator clauses permissible without prior approval. No prior approval is required for the putting into effect of wage or salary increases which are required by the terms of cost-of-living escalator clauses contained in contracts executed on or before January 25, 1951. General increases agreed upon after January 25, 1951, together with cost-of-living escalator clause increases shall not exceed the 10 per cent formula provided in section 1 of General Regulation No. 6 (16 F. R. 1951).

SEC. 3. Reports of increases made under this Regulation required. Reports of increases made under this regulation shall be filed with the nearest office of the Wage and Hour Division of the United States Department of Labor. Such reports shall include:

(a) Copies of the agreements containing the cost-of-living clauses, unless such copies have been filed with the

Wage Stabilization Board under General Regulation No. 2 (16 F. R. 1014).

(b) An identification of the cost-of-living escalator clause in the agreement.

(c) A statement of the amount of the increase and the unit of employees to which it is applicable.

(d) A statement of any increases applicable to the same wages, salaries and other compensation that have been put into effect under General Regulation No. 6 by virtue of any agreement executed after January 25, 1951.

SEC. 4. Time limitation on increases. No increase herein authorized shall be made effective subsequent to June 30, 1951.

This regulation shall be effective immediately and shall terminate June 30, 1951. All other orders and directives of the Wage Stabilization Board and the Economic Stabilization Administrator including General Order No. 3 of January 24, 1951 (16 F. R. 739) are hereby superseded to the extent that they are inconsistent herewith.

NOTE: The record keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued: March 1, 1951.

ERIC JOHNSTON,
Economic Stabilization Administrator.

[NPA Order M-1 as Amended Feb. 23, 1951, Amdt. 1]

M-1—IRON AND STEEL

This amendment to NPA Order M-1 as amended February 23, 1951, is found necessary and appropriate to promote the national defense, and is issued pursuant to authority granted by section 101 of the Defense Production Act of 1950. In the issuance of this amendment, consultation with industry representatives has been rendered impracticable due to the necessity for immediate action.

NPA Order M-1, as amended February 23, 1951, is amended in the following respects:

Footnotes numbered 4 and 5 to Table I as set out at the end of order M-1, as amended February 23, 1951, are revised in the following particulars:

A. The text of footnote 4 to Table I is hereby stricken and there is hereby substituted therefor as the text of said footnote 4 the following:

"Beginning with order acceptances and shipments for May 1951 the applicable percentage shall be 20 percent instead of 15 percent as shown."

B. The text of footnote 5 to Table I is hereby stricken and there is hereby substituted therefor as the text of said footnote 5 the following:

"Beginning with order acceptances and shipments for May 1951 the applicable percentage shall be 20 percent instead of 15 percent as shown."

(Sec. 704, Pub. Law 774, 81st Cong. Interprets or applies sec. 101, Pub. Law 774, 81st Cong., sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp., sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61)

This amendment shall take effect on March 1, 1951.

[NPA Order M-22, Amendment]

ALUMINUM

This amendment to NPA Order M-22, as amended January 23, 1951, is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950. In the formulation of this order, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected in advance of the issuance of this order has been rendered impracticable due to the necessity for immediate action and because the order affects a large number of different trades and industries.

This amendment affects NPA Order M-22, as amended, as follows:

By deleting section 26.63—List A entitled "Aluminum smelters," and section 26.64—List B entitled "Aluminum fabricators," and substituting therefor, respectively, the List A and List B attached to this amendment.

This order, as amended, shall take effect on March 1, 1951.

M-42—INSECT WIRE SCREENING

This order is found necessary and appropriate to promote the national defense and is issued pursuant to the authority granted by section 101 of the Defense Production Act of 1950. In the formulation of this order, there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations.

AUTHORITY: Sections 1 to 9 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION. 1. *What this order does.* This order applies particularly to producers of insect wire screening and provides rules for placing and accepting rated orders therefor. Its purpose is to provide equitable distribution of rated orders among all such producers in order to make possible maximum production of such screening and to reduce to a minimum disruption of its normal distribution. It supplements NPA Reg. 2 but only those provisions of Reg. 2 which are inconsistent with this order are superseded, and all other provisions of Reg. 2 continue to apply to the insect wire screen industry.

SEC. 2. *Definitions.* As used in this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons and includes agencies of the United States or any other government.

(b) "Producer" means any person engaged in the business of weaving wire into insect wire screening.

(c) "Wire screening" means a fiber woven from wire used primarily as a barrier against insects.

SEC. 3. *Required shipment dates.* A rated order for insect wire screening must specify shipment on a particular date or in a particular month, which in no case may be earlier than required by the person placing the order. The producer of insect wire screening must schedule the order for shipment within the requested month as close to the requested shipment

date as is practicable considering the need for maximum production.

SEC. 4. Rejection of rated orders. Unless specifically directed to do so by the National Production Authority, a producer of insect wire screening need not accept a rated order:

(a) That is received less than 15 days prior to the first day of the month in which shipment is required.

(b) That is for shipment in any one month in excess of 10 percent of his scheduled production of insect wire screening in that month.

SEC. 5. NPA assistance in placing rated orders. Any person who is unable to place a rated order for insect wire screening due to the limitation imposed by section 4 of this order should apply to the National Production Authority, Ref.: M-42, specifying the producers who refused to accept the order. The National Production Authority will arrange to assist him in locating other sources of supply.

SEC. 6. Adjustments or exceptions. Any person affected by any provisions of this order may file with the National Production Authority a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of national defense or in the public interest. In considering requests for adjustment which claim that the public is prejudiced by the application of any provision of this order consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each such request shall be in writing and shall set forth the pertinent facts, the nature of the relief sought, and the justification therefor.

SEC. 7. Communications. All communications concerning this order shall be addressed to the National Production Authority, Washington 25, D. C., Ref.: M-42.

SEC. 8. Records, audit, inspection, and reports. (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction whether the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of originals.

(b) All records required by this order shall be made available at the usual place of business where maintained, for inspection and audit by duly authorized representatives of the National Production Authority.

(c) Persons subject to this order shall make such records and submit such re-

ports to the National Production Authority as it shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139-139F).

SEC. 9. Violations. Any person who wilfully violates any provision of this order or any other order or regulation of the National Production Authority or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order shall become effective on March 2, 1951.

5. Limitation for acceptance of rated orders.
6. Effect of this order on NPA Reg. 2.
7. NPA assistance in placing rated orders.
8. Scheduled programs.
9. Adjustments and exceptions.
10. Communications.
11. Records, audit, inspection, and reports.
12. Violations.

AUTHORITY: Sections 1 to 12 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply sec. 101, Pub. Law 774, 81st Cong.; sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61.

SECTION 1. What this order does. This order applies particularly to producers of construction machinery and equipment, as hereinafter defined, and provides rules for placing, accepting, and

scheduling rated orders for such machinery and equipment. The purpose of this order is to provide for equitable distribution of such rated orders among producers, in order to reduce to a minimum the disruption of normal distribution. This order affects Reg. 2 of National Production Authority (hereinafter referred to as "NPA") as hereinafter set out.

SEC. 2. Definitions. As used in this order:

(a) "Person" means any individual, corporation, partnership, association, or any other organized group of persons and includes any agency of the United States or any other government.

(b) "Construction machinery" means any type of construction machinery and equipment as listed and described in List A hereto attached and made a part of this order, and includes parts of such machinery or equipment.

(c) "Producer" means a person engaged in the business of manufacturing construction machinery for sale as such.

SEC. 3. Required delivery dates. A rated order for construction machinery must specify delivery on a particular date or during a particular month, which in no case may be earlier than required by the person placing the order. The producer shall schedule the order for delivery within the requested month as close to the requested delivery date as is practicable considering the need for maximum production.

SEC. 4. Rejection of rated orders. A producer need not accept a rated order which he receives less than 45 days prior to the first day of the month in which delivery is requested unless specifically directed to accept the order by NPA.

SEC. 5. Limitation for acceptance of rated orders. Unless specifically directed by NPA, no producer shall be required to accept rated orders for delivery in any one month of any one model or any one type of construction machinery in excess of 50 percent of his average monthly shipments of such model or type during the 6-month period from January 1, 1950, through June 30, 1950.

SEC. 6. Effect of this order on NPA Reg. 2. To the extent that the provisions of this order, and particularly the provisions of sections 4 and 5 hereof, are in conflict with the provisions of NPA Reg. 2, the provisions of this order shall prevail. Otherwise, the provisions of said Reg. 2 shall continue to apply to the construction machinery industry.

SEC. 7. NPA assistance in placing rated orders. Any person who is unable to place a rated order for construction machinery due to the limitations imposed by section 5 of this order should apply to NPA, Machinery Division, Ref.: M-43, specifying the producers who refused to accept the order. NPA will arrange to assist him in locating sources of supply.

SEC. 8. Scheduled programs. NPA may from time to time approve scheduled programs calling for the production and delivery of one or more types of construction machinery over speci-

fied periods of time. Upon approval of any such program, a supplement or supplements to this order will be issued, describing the program and specifying the manner in which it shall be carried out by persons affected thereby.

SEC. 9. Adjustments and exceptions. Any person affected by any provision of this order may file with NPA a request for adjustment or exception upon the ground that such provision works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry or that its enforcement against him would not be in the interest of the national defense or in the public interest. In considering requests for adjustment claiming that the public interest is prejudiced by the application of any provision of this order, consideration will be given to the requirements of public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each such request shall be in writing and shall set forth all pertinent facts, and the nature of the relief sought and the justification therefor.

SEC. 10. Communications. All communications concerning this order shall be addressed to National Production Authority, Washington 25, D. C., Ref.: M-43.

SEC. 11. Records, audit, inspection, and reports. (a) Each person participating in any transaction covered by this order shall retain in his possession for at least 2 years records of receipts, deliveries, inventories, and use, in sufficient detail to permit an audit that determines for each transaction that the provisions of this order have been met. This does not specify any particular accounting method and does not require alteration of the system of records customarily maintained, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals.

(b) All records required by this order shall be made available at the usual place of business where maintained for inspection and audit by duly authorized representatives of NPA.

(c) Persons subject to this order shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act (Pub. Law 831, 77th Cong., 5 U. S. C. 139-139F).

SEC. 12. Violations. Any person who wilfully violates any provision of this order or any other order or regulation of NPA or wilfully conceals a material fact or furnishes false information in the course of operation under this order is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

NOTE: All reporting and record-keeping requirements of this order have been approved

by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This order shall take effect on March 2, 1951.

Chapter VIII—Defense Transport Administration

[General Order DTA 2]

DTA 2—PREFERENCE AND PRIORITY IN PORT TERMINAL STORAGE AND HANDLING OF BULK GRAIN FOR EXPORT

Pursuant to Title I of the Defense Production Act of 1950, Executive Orders 10161, 10200, and 10219, and Defense Production Administration Delegation No. 1; and it being deemed necessary in the public interest and to promote the national defense by reason of the short supply of port facilities for the storage and handling of bulk grain for export to regulate, allocate, and promote the

preferential use of such facilities for the storage and handling of bulk grain for export to selected countries, and, in the formulation of this order, there having been consultation with industry representatives, including trade association representatives, and consideration having been given to their recommendations: *It is hereby ordered, That:*

Sec.

1. Port terminal storage and handling of bulk grain; permit required.
2. Issuance of permits, period effective.
3. Applications for permits.
4. Records, reports, and investigations.
5. Petition for relief from hardship.
6. Definitions.
7. Communications.
8. Violations.

AUTHORITY: Sections 1 to 8 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title I, Pub. Law 774, 81st Cong.: E. O. 10161, Sept. 9, 1950, 15 F. R. 6105, 3 CFR 1950 Supp., E. O. 10200, Jan. 3, 1951, 16 F. R. 61, E. O. 10219, Mar. 2, 1951, 16 F. R. 1983.

SECTION 1. Port terminal storage and handling of bulk grain; permit required. Notwithstanding any contract, or other commitment, express or implied, no person operating any port terminal warehouse shall store or handle in bulk at such warehouse any grain unless a grain port handling permit for such grain has been issued by the Defense Transport Administration authorizing such storage or handling, provided, that, no such permit shall be required for the storage or handling of grain covered by a transportation permit issued prior to the date of publication of this order in the FEDERAL REGISTER by Interstate Commerce Commission service agents pursuant to its Service Order No. 872, as amended (15 F. R. 9242; 16 F. R. 1549), or by the operator of a port terminal warehouse: *Provided*, that such grain is loaded for movement to the port terminal warehouse within seven days after such publication.

SEC. 2. Issuance of permits, period effective. (a) Grain port handling permits will be issued by the Defense Transport Administration upon recommendations of the United States Department of Agriculture based upon (1) the relative needs of the countries of destination for the grain, (2) the availability of grain for the proposed movement, (3) the availability of shipping space, (4) the availability of transportation facilities, and (5) the availability of port terminal warehouse space. Preferred consideration will be given to applications relating to firm contracts and commitments made prior to the date of this order to the extent possible consistent with the attainment of the objectives of this order so as to minimize the impact of this order on persons having such contracts and commitments.

(b) A grain port handling permit may be issued by the Defense Transport Administration upon the application of any port terminal warehouse operator authorizing him to store or handle, at any port terminal warehouse operated by him, to such extent and for such time as may be specified in the permit, grain which, at the time of its receipt at the warehouse, is intended for domestic sale

or use. Such permits will be issued upon recommendations of United States Department of Agriculture based upon (1) the need for use of the warehouse facilities for grain for export, (2) availability of other warehouse space, within the normal marketing area, for the grain proposed to be stored or handled under the permit sought, (3) the extent to which the port terminal warehouse normally has been used for storage or handling of grain for domestic sale or use, and (4) the period for which the permit is requested.

(c) Each permit shall be effective only for the period specified therein but may be extended for an additional period upon request of the holder and recommendation of the United States Department of Agriculture.

SEC. 3. Applications for permits. (a) Except as provided in paragraph (b) of this section, applications for grain port handling permits shall be made to the Director, Transportation and Warehousing Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., by the person proposing to export grain and shall contain the following information to the extent it is available to the applicant:

- (1) Applicant's name and address;
- (2) Location and name of each port terminal warehouse with respect to which the permit is sought;
- (3) Quantity, kind, and class of grain for which permit is sought;
- (4) Point or points of origin of the grain with respect to which the permit is sought;
- (5) The country of ultimate destination of the grain with respect to which the permit is sought;
- (6) Name of vessel and expected date of readiness to load such grain thereon;
- (7) Name of vessel's agent and exporter's forwarder unless such forwarder's name is already on file with the Director, Transportation and Warehousing Branch;
- (8) Any other pertinent supplemental information requested by the Director, Transportation and Warehousing Branch.

(b) Applications for grain port handling permits for the storage and handling of grain intended for domestic sale or use shall be made to the Director, Transportation and Warehousing Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., by the operator of any port terminal warehouse and shall contain the following information:

- (1) Applicant's name and address;
- (2) Location and name of the port terminal warehouse with respect to which the permit is sought;
- (3) Quantity, kind, and class of grain for which permit is sought;
- (4) Point or points or areas of origin of the grain with respect to which the permit is sought;
- (5) The extent to which the port terminal warehouse for which permit is sought normally has been used for storage and handling of grain for domestic sale or use;

(6) The period of time during which applicant desires to store and handle grain under the permit;

(7) Any other pertinent supplemental information requested by the Director, Transportation and Warehousing Branch.

(c) Applications for extensions of the expiration dates of permits shall also be made to the Director, Transportation and Warehousing Branch, and shall contain a full statement of the reasons necessitating such extensions.

SEC. 4. Records, reports and investigations. (a) Every person subject to this order shall prepare and preserve for not less than two years accurate records showing information of the type indicated in paragraphs (a) and (b) of section 3 hereof with respect to each lot of grain accepted for storage or handling in bulk at each port terminal warehouse operated by him and shall prepare and maintain such other records, and make such reports, as the Defense Transport Administration may prescribe.

(b) The Defense Transport Administration may obtain by investigation and interviews such information from, and make such inspection of the books, records and other writings, premises or property, and take the sworn testimony, of any person as may be necessary or appropriate, in the discretion of the Administrator, to the enforcement or administration of this order and the provisions of the Defense Production Act of 1950 pertinent thereto.

SEC. 5. Petition for relief from hardship. Any person affected by this order who considers that compliance herewith would work an exceptional or unreasonable hardship on him may file a petition for relief with the Director, Transportation and Warehousing Branch. Petitions shall be in writing and set forth all pertinent facts, the nature of relief sought, and justification therefor. As soon as possible after receipt of such petition the United States Department of Agriculture shall furnish the Administrator with its recommendation concerning the petition. After consideration of such recommendation, the Administrator shall take such action with reference to the petition as he deems appropriate to carry out the purposes and provisions of this order.

SEC. 6. Definitions. As used in this order or in any permit issued hereunder, the term:

(a) "Person" means any individual, partnership, corporation, association, joint stock company, business trust, or other organized group of persons, or any trustee, receiver, assignee, or personal representative, and includes any department, agency, or corporation of the United States, any State, or any political, governmental, or legal entity;

(b) "Grain" includes all grain for which standards are authorized to be established under the U. S. Grain Standards Act, as amended (7 U. S. C. 71-87), and rough rice;

(c) "Port terminal warehouse" means any warehouse, elevator, or loading facility in a port area that stores or handles bulk grain for export to a point out-

side the continental United States and is equipped to discharge grain to ship or lighter;

(d) "Port area" means any port or place shown in Appendix A, attached hereto and by this reference made a part hereof, and includes both the switching and lighterage limits of each such port or place;

(e) "Administrator" means the Administrator of the Defense Transport Administration or any person designated by him to administer the provisions of this order;

(f) "Director, Transportation and Warehousing Branch" means the Director, Transportation and Warehousing Branch, Production and Marketing Administration, United States Department of Agriculture.

SEC. 7. Communications. Except as otherwise provided herein, communications concerning this order shall refer to "General Order DTA 2" and shall be addressed to Director, Transportation and Warehousing Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C.

SEC. 8. Violations. Any person who wilfully violates any provision of this order, or any other order or regulation of the Defense Transport Administration, or wilfully conceals any material fact, or furnishes false information, in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any person to suspend or revoke any permit issued to him hereunder.

NOTE: The record-keeping and reporting requirements of this order have been approved and subsequent record-keeping and reporting requirements are subject to approval by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This General Order DTA 2 shall become effective upon publication in the *FEDERAL REGISTER* and shall remain in effect until otherwise ordered.

Issued at Washington, D. C., this 1st day of March, 1951.

JAMES K. KNUDSON,
Administrator,
Defense Transport Administration.

Chapter XV—Federal Reserve System

[Regulation W, Interpretation 31]

REG. W—CONSUMER CREDIT

INT. 31—AUTOMOBILE APPRAISAL GUIDES

Automobile appraisal guides. In order to facilitate the operations of automobile dealers who must comply with General Ceiling Price Regulation, Supplementary Regulation 5 (GCPR, SR 5), under Chapter III of this title, setting retail prices for new and used automobiles, and with Regulation W, the Board has made the following designation of issues of appraisal guides for the purposes of Part 4 of the Supplement to Regulation W:

During any period in which any regulation prescribing any price ceiling on automobiles under the Defense Production Act of 1950 is based on a price listed in an issue of an appraisal guide specified in such regulation, such specified issue is hereby designated for the purposes of Part 4 of the Supplement to Regulation W in the areas for which the particular issue of the appraisal guide is to be used under the price regulation.

This designation is in addition to previous designations by the Board for the purposes of Part 4 of the Supplement to Regulation W, and is subject to all the conditions that apply to such previous designations. Among other conditions, "the average retail value" to be used for purposes of Regulation W shall not include any added value for a radio or heater.

In the event a publisher of an appraisal guide reprints an issue of an appraisal guide that is covered by the above designation and such reprint is issued after the period for which the original Regulation W designation was effective, the substance of the above designation for the purposes of Regulation W shall be prominently stated in the reprinted issue. TITLE 42—PUBLIC HEALTH

Chapter I—Public Health Service, Federal Security Agency

PART 71—FOREIGN QUARANTINE

DOCUMENTS FOR ENTRY; CREW MANIFESTS

CROSS REFERENCE: For amendments to § 71.508 *Documents for entry*, in Title 42, see F. R. Doc. 51-2831, Title 8, Chapter 1, Part 116, *supra*.

PART 72—INTERSTATE QUARANTINE

MISCELLANEOUS AMENDMENTS

Further implementing the provisions of section 361 of the Public Health Service Act, 58 Stat. 703; 42 U. S. C. 264, this part is amended as indicated below for the purpose of preventing the spread of communicable diseases from one State or possession to another insofar as the danger of such spread arises from sanitary conditions on conveyances and in servicing areas and from the food (including milk) and water handled, served, or provided therein. Notice of proposed rule making in connection with the amendments herein set forth was published in the FEDERAL REGISTER on January 10, 1951 (16 F. R. 258).

1. Section 72.101 is revised to read as follows:

§ 72.101 *Water for drinking and culinary purposes; general requirement.* Only potable water shall be provided for drinking and culinary purposes by any operator of a conveyance engaged in interstate traffic, except as provided in § 72.115 (b). Such water shall either have been obtained from watering points approved by the Surgeon General, or, if treated aboard a conveyance, shall have been subjected to treatment approved by the Surgeon General.

2. Paragraph (a) of § 72.103 is revised to read as follows:

§ 72.103 *Approval of treatment aboard conveyances.* (a) The treatment of water aboard conveyances shall be approved by the Surgeon General if the apparatus used is of such design and is so operated as to be capable of producing and in fact does produce, potable water.

3. Paragraph (c) of § 72.113 is revised to read as follows:

§ 72.113 *Potable water systems.* * * * (c) Each potable water tank shall be provided with a means of drainage and, if it is equipped with a manhole, overflow, vent, or a device for measuring depth of water, provision shall be made

to prevent entrance into the tank of any contaminating substance. No deck or sanitary drain or pipe carrying any non-potable water or liquid shall be permitted to pass through the tank.

4. Paragraph (a) of § 72.117 is revised to read as follows:

§ 72.117 *Drinking fountains and coolers; ice; constant temperature bottles.* (a) Drinking fountains and coolers shall be constructed of impervious, nonoxidizing material, and shall be so designed and constructed as to be easily cleaned. The jet of a drinking fountain shall be slanting and the orifice of the jet shall be protected by a guard in such a manner as to prevent contamination thereof by droppings from the mouth. The orifice of such a jet shall be located a sufficient distance above the rim of the basin to prevent backflow.

5. Section 72.135 is revised to read as follows:

§ 72.135 *Drainage.* All platforms and other places at which water or food supplies are loaded onto or removed from conveyances shall be adequately drained so as to prevent pooling.

6. Section 72.137 is revised to read as follows:

§ 72.137 *Water equipment; outlets for nonpotable water.* Outlets for nonpotable water shall be provided with fittings different from those provided for outlets for potable water and each nonpotable water outlet shall be posted with permanent signs warning that the water is unfit for drinking.

7. Section 72.138 is deleted.

8. Section 72.140 (c) is revised to read as follows:

§ 72.140 *Employee conveniences.* * * * (c) Drinking fountains and coolers shall be constructed of impervious, nonoxidizing material, and shall be so designed and constructed as to be easily cleaned. The jet of a drinking fountain shall be slanting and the orifice of the jet shall be protected by a guard in such a manner as to prevent contamination thereof by droppings from the mouth. The orifice of such a jet shall be located a sufficient distance above the rim of the basin to prevent backflow.

9. Section 72.141 is revised to read as follows:

§ 72.141 *Disposal of human wastes.* (a) At servicing areas and at stations where land and air conveyances are occupied by passengers the operations shall be so conducted as to avoid contamination of such areas and stations by human wastes.

(b) Toilet wastes shall be disposed of through sanitary sewers or by other methods assuring sanitary disposal of such wastes. All soil cans and removable containers shall be thoroughly cleaned before being returned to use. Equipment for cleaning such containers and for flushing nonremovable containers and waste carts shall be so designed as to prevent backflow into the water line, and such equipment shall be used for no purpose connected with the handling of food, water or ice.

(c) All persons who have handled soil cans or other containers which have come in contact with human wastes shall be required to wash their hands thoroughly with soap and warm water and to remove any garments which have become soiled with such wastes before engaging in any work connected with the loading, unloading, transporting or other handling of food, water or ice.

10. Section 72.147 is revised to read as follows:

§ 72.147 Submittal of construction plans. Plans for the construction or major reconstruction of sanitary equipment or facilities for such conveyances shall be submitted to the Surgeon General for review of the conformity of such plans with the requirements of this subpart, except that submittal of plans shall not be required for any conveyance under reconstruction if the owner or operator thereof has made arrangements satisfactory to the Surgeon General for inspections of such conveyances while under reconstruction for the purpose of determining conformity with those requirements.

11. Paragraph (a) of § 72.148 is revised to read as follows:

§ 72.148 Water systems; constant temperature bottles. (a) The water system, whether of the pressure or gravity type, shall be complete and closed from the filling ends to the discharge taps, except for protected vent openings. The water system shall be protected against backflow.

12. Paragraph (a) of § 72.150 is revised to read as follows:

§ 72.150 Toilet and lavatory facilities. (a) Where toilet and lavatory facilities are provided on conveyances they shall be so designed as to permit ready cleaning. On conveyances not equipped with retention facilities, toilet hoppers shall be of such design and so located as to prevent splattering of water filling pipes or hydrants.

13. Paragraph (c) of § 72.151 is revised to read as follows:

§ 72.151 Railway conveyances; food-handling facilities. * * *

(c) Lavatory facilities for the use of the dining car crew shall be provided on each dining car. Such facilities shall be conveniently located and used for hand and face washing only: *Provided, however,* That where the kitchen and pantry on a dining car hereafter constructed or reconstructed are so partitioned or separated as to impede free passage between them, lavatory facilities shall be provided in both the kitchen and the pantry.

14. Section 72.154 is revised to read as follows:

§ 72.154 Railroad conveyances; discharge of wastes. (a) There shall be no discharge of excrement, garbage, waste water or other polluting material from any land conveyance while such conveyance is passing over areas designated by the Surgeon General.

(b) Toilets shall be kept locked when conveyances, occupied or open to occupancy by travelers, are at a station or servicing area unless means are provided to prevent contamination of the area or station.

15. Section 72.155 is revised to read as follows:

§ 72.155 Air conveyances; discharge of wastes. There shall be no discharge of excrement or garbage from any air conveyance except at servicing areas approved by the Surgeon General.

16. A new § 72.156 and containing the following provisions is added:

§ 72.156 Highway conveyances; discharge of wastes. There shall be no discharge of excrement, garbage or waste water from a highway conveyance except at servicing areas approved by the Surgeon General.

17. Paragraph (a) of § 72.164 is revised to read as follows:

§ 72.164 Source of food and drink; identification and inspection. (a) Operators of conveyances shall identify, when requested by the Surgeon General, the vendors, distributors or dealers from whom they have acquired or are acquiring their food supply, including milk, fluid milk products, ice cream and other frozen desserts, butter, cheese, bottled water, sandwiches and box lunches.

18. Section 72.165 is revised to read as follows:

§ 72.165 Special food requirements. Milk, fluid milk products, ice cream and other frozen desserts, butter, cheese, and shellfish served or sold on conveyances shall conform to the following requirements:

(a) Milk and fluid milk products, including cream, buttermilk, skim milk, milk beverages, and reconstituted milk, shall be pasteurized and obtained from a source of supply approved by the Surgeon General. The Surgeon General shall approve any source of supply at or from which milk or fluid milk products are produced, processed, and distributed so as to prevent the introduction, transmission, or spread of communicable diseases. If a source of supply of milk or fluid milk products has not been approved, the Surgeon General may permit its temporary use under such conditions as, in his judgment, are necessary to prevent the introduction, transmission, or spread of communicable diseases. Containers of milk and fluid milk products shall be plainly labeled to show the contents, the word "pasteurized", and the identity of the plant at which the contents were packaged by name and address, provided that a code may be used in lieu of address.

(b) Ice cream, other frozen desserts, and butter shall be manufactured from milk or milk products that have been pasteurized or subjected to equivalent heat treatment.

(c) Cheese shall be (1) pasteurized or subjected to equivalent heat treatment, (2) made from pasteurized milk

products or from milk products which have been subjected to equivalent heat treatment, or (3) cured for not less than 60 days at a temperature not less than 35° F.

(d) Milk, buttermilk, and milk beverages shall be served in or from the original individual containers in which received from the distributor, or from a bulk container equipped with a dispensing device so designed, constructed, installed, and maintained as to prevent the transmission of communicable diseases.

(e) Shellfish purchased for consumption on any conveyance shall originate from a dealer currently listed by the Public Health Service as holding an unexpired and unrevoked certificate issued by a State authority.

(f) Shucked shellfish shall be purchased in the containers in which they are placed at the shucking plant and shall be kept therein until used. The State abbreviation and the certificate number of the packers shall be permanently recorded on the container.

19. Section 72.167 is revised to read as follows:

§ 72.167 Ice; source and handling. Ice coming in contact with food or drink and not manufactured on the conveyance shall be obtained from sources approved by competent health authorities. All ice coming in contact with food or drink shall be stored and handled in such manner as to avoid contamination.

20. Section 72.172 is revised to read as follows:

§ 72.172 Toilet and lavatory facilities for use of food-handling employees. (a) Toilet and lavatory facilities of suitable design and construction shall be provided for use of food-handling employees. (Regarding railway dining car crew lavatory facilities, see § 72.151.)

(b) Signs directing food-handling employees to wash their hands after each use of toilet facilities shall be posted so as to be readily observable by such employees. Hand washing facilities shall include soap, sanitary towels and hot and cold running water or warm running water in lieu of hot and cold running water.

(c) All toilet rooms shall be maintained in a clean condition.

Effective date. The foregoing amendments shall be effective 30 days after the date of their publication in the FEDERAL REGISTER.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—PRACTICE AND PROCEDURE

MISCELLANEOUS AMENDMENTS

In the matter of amendment of §§ 1.318, 1.319, 1.320 and the "Table showing forms currently in effect and where they are referred to in Part 1 of the rules and regulations."

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 21st day of February 1951;

The Commission having under consideration the new rule Part 20, "Rules Governing the Disaster Communications Service", adopted pursuant to formal rule-making proceedings in Docket No. 9749, which provides for use of a special application form (F. C. C. Form No. 525) in applying for authorizations in the Disaster Communications Service;

It appearing, that in order to conform Part 1, "Rules Relating to Practice and Procedure" with the provisions of the aforesaid Part 20 it is necessary to amend §§ 1.318, 1.319, and 1.320 and the "Table showing forms currently in effect and where they are referred to in Part 1 of the rules and regulations" by inserting specific references to the new Form No. 525;

It further appearing, that, since the amendments herein ordered have already been the subject of formal rule-making procedures in the afore-mentioned Docket No. 9749, and such amendments are merely editorial changes in Part 1, to reflect use of the form provided for in that proceeding, further notice and procedure provided for in section 4 of the Administrative Procedure Act is not required;

It further appearing, that authority for the amendments herein ordered is contained in sections 4 (i) and 303 (r) of the Communications Act as amended;

It is ordered, that effective March 21, 1951, §§ 1.318, 1.319, and 1.320 and the "Table showing forms currently in effect and where they are referred to in Part 1 of the rules and regulations" be and they hereby are amended as follows:

1. Section 1.318 (b) is amended to add a new subparagraph (12) to read as follows:

(12) FCC Form 525, "Application for Disaster Communications Radio Station Construction Permit and License."

2. Section 1.319 (b) is amended to add a new subparagraph (10) to read as follows:

(10) FCC Form 525, "Application for Disaster Communications Radio Station Construction Permit and License."

3. Section 1.320 (c) is amended to add a new subparagraph (11) to read as follows:

(11) FCC Form 525, "Application for Disaster Communications Radio Station Construction Permit and License."

4. The "Table showing forms currently in effect and where they are referred to in Part 1 of the Rules and Regulations" is amended by inserting the following immediately after "505."

PART 1—PRACTICE AND PROCEDURE

REPORT OF INTERNATIONAL TELEGRAPH TRAFFIC

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 21st day of February 1951;

The Commission, having under consideration the provisions of its Order No. 85, adopted August 18, 1941, and revised by the Commission on February 16, 1944, relating to Report of International Telegraph Traffic (see §§ 1.347 and 1.557 (a) of the Commission's rules and regulations), wherein it is required that each common carrier subject to the Communications Act engaged in international telegraph communication shall file with the Commission semiannual reports containing data with respect to traffic handled during the periods January 1 through June 30 and July 1 through December 31 of each year;

It appearing, that a revision of this order whereby the second of the two semiannual reports would contain data for the entire year, instead of for the period July 1 through December 31, would better serve the Commission's purpose and be more conducive to an efficient conduct of its duties;

It further appearing, that the proposed revision relates to information which common carriers engaged in international telegraph communications are required to maintain and file with the Commission; that every carrier affected by the proposed revision has been given actual notice thereof and an opportunity to comment thereon; that no carrier has raised any objection with respect thereto; and that, therefore, general notice of rule making in accordance with section 4 (a) of the Administrative Procedures Act is unnecessary;

It further appearing, that the next report required by Order No. 85 which is to be filed on or before May 1, 1951, will be in preparation in the immediate future; and that it would be of assistance to the Commission to have such report contain data for the entire calendar year of 1950:

It is ordered, That, effective immediately, the fourth decretal paragraph of Order No. 85 is changed to read as follows:

It is further ordered, That until further order of the Commission the information required in the above ordering paragraphs shall be filed with the Commission twice each year on forms furnished by the Commission and in accordance with the instructions set forth therein as follows:

(a) The response for the period January to June inclusive of each year shall be filed on or before November 1 of the same year; and

(b) The response for the period January to December inclusive of each year shall be filed on or before May 1 of the following year.

PART 9—AERONAUTICAL SERVICES

FREQUENCIES AVAILABLE

At the session of the Federal Communications Commission held at its offices in Washington, D. C., on the 21st day of February 1951;

The Commission having under consideration the matter of amending § 9.912 of its rules governing aeronautical services in order to make available the frequency 4585 kc., 0.1A1 and 6A3 emission for assignment to land and mobile stations of the Civil Air Patrol; and

It appearing, that the Commission has been requested to authorize the aforesaid frequency to such stations; and

It further appearing, that the frequency 4585 kc., is a government frequency and that the interested government agencies have no objection to its utilization by the Civil Air Patrol; and

It further appearing, that because of the nature of this amendment, a notice of proposed rule making and public procedure thereon are both unnecessary and impracticable, and this amendment may be made effective immediately since it relieves a restriction existing under the present provisions by making a new frequency available for assignment; and

It further appearing, that the public interest will be served by this amendment and that the authority therefor is contained in sections 4 (i), 303 (c) and (r) of the Communications Act of 1934, as amended:

It is ordered, That effective immediately, § 9.912 of the Commission's rules governing aeronautical services is amended to read as follows:

§ 9.912 Frequencies available. The frequencies 2374 kc., A1, A2, A3 emission, 4585 kc., A1, A3 emission and 148.14 Mc., A2, A3 emission, have been made available by the military for assignment by

the Commission to land and mobile stations of the Civil Air Patrol.

PART 95—CAR SERVICE

REQUIREMENTS FOR LOADING OF GRAIN, GRAIN PRODUCTS AND BY-PRODUCTS

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 27th day of February A. D. 1951.

Upon representations of the Defense Transport Administration that there is urgent need in the interest of National Defense for more efficient utilization of freight cars in the transportation of grain products and by-products.

It appearing, that there is a shortage of freight cars suitable for the transportation of grain products and by-products; that by reason thereof it is necessary to regulate and control the use of such cars to assure the maximum utilization; in the opinion of the Commission an emergency exists in all sections of the country requiring immediate action to promote car service in the interest of the public and the commerce of the people. It is ordered, that:

§ 95.874 *Requirements for loading of grain, grain products and byproducts.* (a) Except as hereinafter provided, no carrier shall accept for transportation at point of origin, forward from point of origin, or load and forward from point of origin, or transport within any terminal area except to complete loading, any carload grain products or byproducts in a freight car, unless such car when forwarded from point of origin or so transported within any terminal area, is loaded in accordance with one of the following requirements.

(1) The quantity shall equal or exceed in weight the marked capacity in pounds

as stenciled on such car, or as shown under the caption "Capacity" (not "Load Limit") in the Official Railroad Equipment Register, Agent M. A. Zenobia's ICC R. E. R. No. 298, supplements thereto or reissues thereof; or

(2) Grain products or by-products in bulk shall be loaded to an elevation not lower than 24 inches from the ceiling of the car at its side walls, or if the interior walls of such car are partially sheathed or lined, to the utmost elevation without over-running the sheathing or lining; or

(3) Grain products or by-products in packages, in straight or mixed carloads, shall be loaded to a weight of not less than 60,000 pounds; or

(4) Cars loaded with grain products or by-products in packages, in mixed carloads with grain in packages, shall be loaded to a weight not less than 60,000 pounds; or

(5) When such car is loaded to full visible capacity.

(b) *Exemptions.* The provisions of this section shall not apply to grain products or by-products moving under and in accordance with "clean-out" or "remnant" rules published in applicable freight tariffs lawfully on file with this Commission or state railroad regulatory bodies.

(c) *Definition.* As used in this section the term:

(1) Carrier means any common carrier by railroad subject to the Interstate Commerce Act.

(2) Grain products or by-products means any commodities listed in tariffs on which grain products or by-products rates are applicable.

(3) Grain means any commodity listed in tariffs on which grain rates are applicable.

(d) *Special and general permits; appointment of agent.* (1) Paragraph (a) of this section shall be subject to any special or general permits issued by the Permit Agent named below, on application of the shipper (or the carrier when carrier loads the car).

(2) Howard S. Kline, Chief, Car Utilization Section, Bureau of Service, Interstate Commerce Commission, Room 5135, I. C. C. Building, Washington, D. C., is hereby designated and appointed as Permit Agent of the Interstate Commerce Commission with authority to issue special or general permits to meet exceptional circumstances or withhold the issuance of permits under subparagraph (1) of this paragraph, subject to the direction and supervision of the Director of the Bureau of Service.

(e) *Application.* (1) The provisions of this section shall apply to intrastate, interstate and foreign commerce, including commerce with insular possessions and the territories of Alaska and Hawaii.

(2) The provisions of this section shall apply to all shipments from points of origin as well as transit points on and after the effective date of this section.

(f) *Regulations suspended; announcement required.* The operation of all rules and regulations and practices, insofar as they conflict with the provisions of this section, is hereby suspended and each railroad subject to this section, or its Agent, shall publish, file, and post a

supplement to each of its tariffs affected hereby, in substantial accordance with the provisions of Rule 9 (k) of the Commission's Tariff Circular No. 20 (§ 141.9 (k) of this chapter), announcing such suspension.

(g) *Effective date.* This section shall become effective at 12:01 a. m., March 15, 1951.

(h) *Expiration date.* This section shall expire at 11:59 p. m., September 15, 1951, unless otherwise modified, changed,

suspended or annulled by order of this Commission.

It is further ordered, that a copy of this order and direction be served upon the State railroad regulatory bodies of each State and upon the Association of American Railroads, Car Service Division, as agent of the railroads, subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in

the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

(Sec. 12, 24 Stat. 383, as amended; 49 U. S. C. 12. Interprets or applies sec. 1, 24 Stat. 379, as amended; 49 U. S. C. 1)

By the Commission, Division 3.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 946]

[Docket No. AO-123 A-11]

HANDLING OF MILK IN LOUISVILLE, KENTUCKY, MILK MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Seelbach Hotel, Louisville, Kentucky, beginning at 9:30 a. m., c. s. t., March 9, 1951, for the purpose of receiving evidence with respect to emergency and other economic conditions which relate to the handling of milk in the Louisville, Kentucky, marketing area and to the proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Louisville, Kentucky, marketing area (7 CFR 946 et seq.). These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the Order (No. 46), as amended, for the Louisville, Kentucky, milk marketing area were proposed, as enumerated below. These proposals raise the issue as to whether the provisions of the present order tend to effectuate the declared policy of the act in light of present economic conditions affecting the marketing of milk in the Louisville, Kentucky, marketing area, and, if not, what modifications of the classification, pricing and payment provisions of the order, as amended, are appropriate to effectuate the declared policy of the act.

By the Falls Cities Cooperative Milk Producers' Association, Inc.:

1. Amend § 946.3 by amending any or all of the paragraphs and subparagraphs (including the deletion of any part thereof) so as to provide for the classification

or reclassification or the combination of classifications in a manner which will result in a more equitable and proper application of prices to the utilization of the receipts of milk from producers.

2. Amend § 946.4 by amending any or all paragraphs and subparagraphs (including the deletion of any part thereof) in a manner which will provide for the fixing, or provide a method for fixing, minimum prices which all handlers shall pay for each use classification, on an equitable and proper basis, and at a level which will insure a sufficient quantity of milk to meet the demands of the market and will tend to effectuate the declared policy of the Agricultural Marketing Agreement Act, as amended.

3. Review the applicable provision of the order dealing with the determination of uniform prices to producers and payments to producers for milk and particularly with respect to the fall production premium plan.

4. To make such other changes, amendments or deletions as may be required to make the entire marketing agreement and order conform with any provisions of amendments that may result from the hearing.

Copies of this notice of hearing and of the order, as amended, now in effect, may be procured from the Market Administrator, 1235 Starks Building, Louisville 2, Kentucky, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated February 28, 1951, at Washington, D. C.

[7 CFR, Part 977]

[Docket No. AO-183 A-2]

HANDLING OF MILK IN PADUCAH, KENTUCKY, MILK MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended

(7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the McCracken County Courthouse, Paducah, Kentucky, beginning at 10:00 a. m., c. s. t., March 12, 1951, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the Paducah, Kentucky, milk marketing area (7 CFR 977.0 et seq.). These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the Order (No. 77), as amended, for the Paducah, Kentucky, milk marketing area were proposed, as follows:

By the Paducah Graded Milk Producers Association:

1. Amend § 977.1 by deleting paragraph (f) and substitute the following:

(f) "Pool plant" means: (1) Any milk plant approved by the Graves County Health Department or Paducah-McCracken County Health Department, and from which milk or cream in bottled form is disposed of in the marketing area; or (2) a milk plant approved to furnish (other than under an emergency permit) milk, skim milk or cream to a plant described in subparagraph (1) of this paragraph for disposition as bottled Grade "A" milk or cream in the marketing area, and (3) a milk plant which receives milk from producers.

2. Amend § 977.1 by deleting paragraph (h) and substituting therefor the following:

(h) "Producer" means any person, irrespective of whether such person is a handler, who produces milk under the direct inspection of the Graves County Health Department or the Paducah-McCracken County Health Department, and which is permitted to be sold as Grade "A" bottled milk in the marketing area, and which is:

(1) Received at a pool plant; or
(2) Diverted by a handler from a pool plant to a non-pool plant: *Provided*, That any such milk so diverted shall be deemed to have been received by the

handler for whose account it was diverted.

3. Delete § 977.1 (i) and substitute therefor:

(i) "Handler" means: (1) A person who on his own behalf or on behalf of others operates a pool plant; and (2) any cooperative association of producers, as defined in § 977.10 (b) with respect to milk of producers diverted for the account of such association to any milk distributing or manufacturing plant; (3) any person other than a producer-handler in his capacity as operator of a non-pool plant which is used in the processing and packaging of milk, any portion of which is disposed of from such plant on wholesale or retail routes (including plant stores or through vendors) within the delivery period as Class I milk in the marketing area.

4. Delete § 977.1 (k) (2) and substitute therefor the following:

(2) That received from another pool plant, other than a producer-handler; and

5. Amend § 977.5 by deleting paragraph (a) (1) and substitute therefor the following:

(1) *Class I milk.* The price of Class I milk shall be the basic formula price plus the following amounts per hundredweight: \$1.80 for the delivery periods of September, October, November, December, January, February and March; and \$0.80 for delivery periods of April, May, June, July and August.

6. Amend § 977.6 by adding a new paragraph to read as follows:

(c) In the event any handler receives other source milk which is allocated to Class I milk pursuant to § 977.4 (e) such handler shall pay producers through the producer-settlement fund, an amount computed by multiplying the quantity of such other source milk allocated to Class I milk by the difference between the Class I and Class II price adjusted by the butterfat differential to handlers.

7. Amend § 977.6 by adding a new paragraph to read as follows:

(d) Handlers of non-pool plants shall make reports to the market administrator, with respect to his total receipts and utilization of skim milk and butterfat, at such time and in such manner as the market administrator may request. Pay to the market administrator, on or before the 13th day after the end of each delivery period, for deposit in the producer-settlement fund an amount of money computed by multiplying the quantity of Class I milk disposed of in the marketing area during the delivery period by the difference between the price of Class II milk and the price of Class I milk, adjusted by the butterfat differential to handlers. Pay to the market administrator, on or before the 15th day after the end of the delivery period, for the expense of administration hereof, 5 cents per hundredweight or such lesser amount as the Secretary may prescribe with respect to all receipts of milk, from dairy farmers, used to produce products disposed of in the marketing area during the delivery period.

By the Midwest Dairy Products Company:

8. Amend § 977.5 (a) (2), *Class 2 Milk*, by adding the following sentence to the last paragraph thereof: "Less, however, thirty-five (35) cents per hundredweight for the months of April, May, June, July, August and September."

By the Miller Dairy Products Company:

9. Amend § 977.8 (a) by deleting subparagraph (1) which requires a partial payment to be made to producers on or before the last day of the month.

By Dairy Branch, Production and Marketing Administration:

10. Amend § 977.6 by adding a new paragraph to read as follows:

Handlers subject to provisions of other orders. If any handler of milk subject to the provisions of this order is also subject to any of the provisions of any other

milk marketing agreement or order issued pursuant to the act in such a way as to result in an apparent conflict or duplication of obligations the Secretary may, upon request in writing by the affected handler or upon his own initiative, determine and notify the handler and the respective market administrators as to the manner and extent to which provisions of each such order apply to the handler and to such handling. The determination shall be subject to review and to modification at any time. Such request if filed by the handler, shall state specifically what the conflict is, the order provisions involved and shall include a recommended determination, the reasons therefor and all relevant facts in support thereof. In making such determination the Secretary will seek to preserve the intent of each of the respective orders, maintain stability in each market within the framework of each order and will provide for the application of the respective order provisions in such a way as to avoid a duplication of obligations, insofar as possible, consistent with such standards.

11. Renumber the sections, paragraphs, subparagraphs, and subdivisions of the order in accordance with the revised FEDERAL REGISTER procedure.

12. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the order, as amended, now in effect, may be procured from the Market Administrator, 4030 Chouteau Avenue, St. Louis 10, Missouri, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: February 28, 1951, at Washington, D. C.

[Docket No. 4786 et al.]

DC-6 DAYLIGHT COACH; SUMMER
EXCURSION FARES CASE

NOTICE OF HEARING

In the matter of the fares, rules and charges and other provisions proposed

by National Airlines, Inc., pursuant to its Local Passenger Tariff, C. A. B. No. 43 and first Revised page 2 thereto, and No. Pm-1-51, C. A. B. No. 44, and by Eastern Air Lines, Inc., pursuant to its local Passenger Tariff, C. A. B. No. 44.

Pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 403, 404 and 1002 thereof, notice is hereby given that a hearing in the above-entitled proceeding is assigned to be held on March 6, 1951, at 10:00 a. m., e. s. t., in Room E-210, Temporary Building No. 5, Sixteenth Street and Constitution Avenue NW., Washington, D. C., before Examiner R. Vernon Radcliffe.

Without limiting the scope of the issues presented, particular attention will be directed to the following matters and questions:

I. Are the proposed services unjust or unreasonable?

A. To what extent do the proposed fares reflect the cost of service?

B. What other considerations are these fares based on?

C. What revenue will be secured from the proposed services and from other services to the same points?

1. To what extent will the coexistence of various promotional services, e. g., night coach, day coach, and excursion result in diversion from each other and from standard service?

D. What will be the effects on net revenue and mail pay need of Eastern, National, and other carriers of the proposed fares alone or in combination with other promotional services?

E. What promotional services (excursion, day-coach, night-coach), if any, should be permitted between the proposed points alone or in combinations, and under what terms and conditions?

II. Will the proposed services establish any unjust discrimination?

A. What are the differences in service between the various fares which will be available if the various proposals are authorized?

B. Are these differences in service substantial to the consumer?

C. To what extent are the differences in fares related to differences in the costs of furnishing the various services?

D. What other factors justify these differences?

E. To what extent are the proposed fares available to members of the general public?

III. Will the proposed services establish any undue preference and prejudice?

A. To what extent will the proposed services alone or in combination with other services prefer passengers (on Eastern's and National's routes, respectively) to and from points where these services are available and unduly prejudice persons (on said routes) to other points where such services are not available?

B. To what extent will the proposed services unduly prefer points offered service and unduly prejudice other points on National's (or Eastern's) routes for which service is not offered?

IV. Will the proposed fares alone or in combination with the other services

debase the general fare level for air transportation?

V. Are the proposed fares alone or in their various combinations consistent with existing Board policy?

VI. To the extent, if any, that the fares, rules and regulations under investigation in this proceeding are or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, what are the lawful fares which the Board should determine and prescribe?

A. To what extent should the Board in determining and prescribing the lawful fares, rules and regulations consider the cost of service, value of service, or other factors?

B. If the Board prescribes fares, what weight should it give to each of the factors enumerated in section 1002 of the act?

Notice is further given that any person other than parties and intervenors of record as of February 23, 1951, desiring to be heard in this proceeding may file with the Board, on or before March 6, 1951, a statement setting forth the issues of fact and law raised by the proposed tariffs which he desires to controvert. Any such person may appear and participate in the hearing in accordance with § 302.6 (a) of the Board's Procedural Regulations under Title I of the Civil Aeronautics Act, as amended.

Dated at Washington, D. C., February 27, 1951.

By the Civil Aeronautics Board.

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54-180, 59-94]

GREEN MOUNTAIN POWER CORP.

NOTICE OF FILING AND ORDER GIVING OPPORTUNITY FOR HEARING ON AMENDED PLAN FILED

At a regular session of the Securities and Exchange Commission, held at its

office in the city of Washington, D. C., on the 27th day of February A. D. 1951.

Green Mountain Power Corporation ("Green Mountain"), a public utility subsidiary company of New England Electric System ("NEES"), a registered holding company, having filed an application, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, for approval of an amended plan of reorganization, which plan, described in the Commission's notices and orders for hearing dated August 24, 1949, and March 6, 1950, was amended on February 23, 1951, to provide, among other things, for the compromise and settlement of intrasystem claims, such compromise and settlement to be effected through the release by Green Mountain on behalf of itself and its security holders of any and all claims which might be asserted by it against NEES and the relinquishment by NEES of any interest it may have in the equity of Green Mountain; and

The Commission having in its notice and order for hearing, dated August 24, 1949, instituted proceedings under sections 11 (b) (2), 12 (f), 13, 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935 directed to Green Mountain, having consolidated this proceeding and the proceeding pursuant to section 11 (e) and having made NEES, New England Power Company ("NEPCO"), Connecticut River Power Company ("Connecticut River") and New England Power Service Company ("the Service Company"), parties to said consolidated proceedings; and

Public hearings having been held on said consolidated matters after appropriate notice and the Commission deeming it appropriate that an opportunity for a further hearing should be given to Green Mountain, NEES, NEPCO, Connecticut River and the Service Company and their security holders on Green Mountain's plan of reorganization, as amended:

It is ordered, That any interested person may, not later than March 15, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on Green Mountain's plan of reorganization, as amended, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law proposed to be controverted. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. If no such request is received on or before March 15, 1951, the Commission, promptly after said date, will take this consolidated proceeding under advisement for decision.

It is further ordered, That notice of said filing of Green Mountain's amendment to its plan of reorganization and of said opportunity for hearing be given to Green Mountain, NEES, NEPCO, Connecticut River and the Service Company and to all other persons granted intervention or participation in this proceeding by registered mail and to all other persons by publication in the FEDERAL REGISTER and by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases under the Public Utility Holding Company Act of 1935.

It is further ordered, That, on or before March 2, 1951, Green Mountain shall mail copies of its plan of reorganization, as amended, and copies of this notice to all of its stockholders of record.

By the Commission.

UNION ELECTRIC CO. OF MISSOURI

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 16th day of February 1951.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Union Electric Company of Missouri ("Union Electric"), a registered holding company and a public utility company and a subsidiary of The North American Company, also a registered holding company. Applicant has designated sections 9 (a) and 10 of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than March 8, 1951, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after March 8, 1951, said application, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application, which is on file in the offices of this Commission, for a statement of the transactions therein proposed, and which are summarized as follows:

Union Electric proposes to subscribe for and acquire 1,200 shares of common stock, of the par value of \$1 per share, and \$123,800, principal amount of income debentures of a corporation to be organized and known as Urban Redevelopment Corporation of St. Louis ("Redevelopment Corporation"). The cash consideration for the common stock will be \$1,200 and the cash consideration for the income debentures will be \$123,800, of which 10 percent will be paid upon subscription and the balance on or prior to April 15, 1956, upon call therefor from time to time by the Board of Directors of Redevelopment Corporation. Said income debentures will bear simple interest at 4 percent per annum, cumulative for

not to exceed five successive years, and will mature in four years or such other period as said Board of Directors shall determine.

Upon receipt by Union Electric of such common stock and income debentures it proposes to deposit the same under a voting trust agreement and to acquire in exchange therefor voting trust participation certificates.

It is stated that Redevelopment Corporation is being organized under the Urban Redevelopment Corporation Act of Missouri for the purpose of clearance, replanning, reconstruction or rehabilitation of blighted areas and the construction of such industrial, commercial, residential or public structures as may be appropriate. It is further stated that Redevelopment Corporation is being supported by subscriptions of leading newspapers, banks, department stores, manufacturers and merchants of the city of St. Louis, and Union Electric believes that it is its civic responsibility to participate in the project as one of the large business organizations of the city.

Applicant states that no state commission or regulatory body, other than this Commission, has jurisdiction over the proposed transactions. No fees, commissions or other remunerations are to be paid in connection with the proposed transactions.

Applicant requests that the Commission issue an order granting the application as soon as practicable and that said order become effective upon the issuance thereof.

By the Commission.

MIDDLE SOUTH UTILITIES, INC.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 26th day of February A. D. 1951.

Notice is hereby given that Middle South Utilities, Inc. ("Middle South"), a registered holding company, has filed a declaration pursuant to the Public Utility Holding Company Act of 1935, and has designated sections 6 (a) and 7 thereof and Rule U-50 of the rules and regulations promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

Middle South proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50, 450,000 shares of common stock, without nominal or par value, to underwriters or investment bankers who shall agree promptly to make a public offering thereof.

The declaration states that the proceeds from the financing will be used to finance in part the construction program of the electric utility subsidiaries of Middle South, which program for the year 1951 is estimated to require expenditures

of approximately \$48,450,000 of which approximately \$25,000,000 is to be raised from new financing.

The declaration further states that out of the proceeds from the presently proposed sale of stock and from funds on hand or which may become available, Middle South, upon obtaining requisite authorization from this Commission, will make an additional investment in the common stock of its subsidiary, Arkansas Power & Light Company in the amount of \$8,000,000, during the year 1951.

Declarant requests that this Commission's order herein be issued on or before March 12, 1951, and that such order become effective forthwith upon the issuance thereof.

Notice is further given that any interested person may, not later than March 12, 1951, at 11:30 a. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after 11:30 a. m., e. s. t., March 12, 1951, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declaration which is on file with this Commission for a full statement of the transactions therein proposed.

By the Commission.
